# ABOUT DCER

## OUR MISSION

To restore the *dignity, purpose, and wholeness* of unwanted horses who need a second chance in life and humans who need healing and direction by providing compassionate *care, connection, & education*.

To heal the heart of humanity through authentic partnership between horses and humans.

## OUR VISION

### TOGETHER, WE CAN HEAL HORSES & HUMANS.

In 2012, Laurie Higgins-Kerley started Dove Creek Equine Rescue with the purpose of reducing the Unwanted Horse Population – domestic horses who are no longer needed or useful or whose owners can no longer provide the necessary financial or physical care. The ranch became a place where horses would be rescued, rehabilitated, retrained, and rehomed. The *Led By Horses* program was developed in 2017 from Laurie's deep desire to help humans through the wisdom of horses. Laurie holds certifications from The EAL Academy and The Academy of Coaching with Horses.
